The BCA – What we do!

The Belgian Clarinet Academy was formed in 1996. Our goal is a weeklong intensive immersion in clarinet. Every student receives at least 2 private lessons - one with each teacher, and most get three. We have performances every day in master class sessions, as well as afternoon classes in reed work, special topic sessions, and have daily coached chamber music sessions. The whole course is based on the philosophy that the more you perform in front of others, the more we see you, and the more interaction you have with others, the better experience you will have.

We eat daily together at noon, and have coffee times in the morning and afternoon for the specific desire that we have the chance to see each other a personal/profession setting. There are evening recital sessions, open to the public, and our accompanists are terrific.

We do not offer scholarships, but keep out tuition VERY low and offer housing for free with host families. Many students who return ask for the same families every year. Guido Six works very hard to make certain that we have families to match each student.

Some more information can be found on our web site:

<http://www.belgianclarinetacademy.com>

Again, we are excited about your student's possible participation in the academy and look forward to working with them.
